

Edition 1/2008

This edition contains:

Changeover of brake drums SN 4220 to ECO Drum

Advantages of the changeover:

Improved shielding against dirt because of optimised dust covers
Easier installation/removal of the dust covers
BPW code number easier to read

Changeover of SN 4220 brake drums

Following the successful changeover of brake drums SN 4218 to the ECO Drum version, the brake size SN 4220 is now being changed over to BPW ECO Drum.

The brake drums indicated below will be changed over as follows. The new variants are reverse-compatible.

Please note that we will exclusively be delivering the new versions from week 23 onwards.

The new code numbers have the same prices as the previous versions that you are familiar with.

Previous code number	Replaced by version
03.109.77.72.0	03.109.77.30.0
09.109.77.72.0	09.109.77.30.0
03.109.77.18.0	03.109.77.32.0
