## Announcement for the core program

Dear Ladies and Gentlemen,

the BPW Bergische Achsen KG ("BPW") will be introducing a core program on 1st January 2022. The purpose of this program is the return of worn BPW calipers (worn caliper = Core) , in order to ensure an environmental friendly disposal and to prepare a possible extension of the aftermarket product portfolio with remanufactured calipers.

With the purchase of a BPW spare part caliper, an additional resale option of 200 € is charged by BPW. For calipers in series production and installed in an axle there will be no resale option.

The BPW ECO Disc calipers (TSB and TS2) purchased in the aftermarket are subject to the General Terms and Conditions of Sale and Delivery of BPW and to the special Terms and Conditions of the core manual.

The following table shows how the part numbers match to the core groups of the BPW core program.

Each resale option is valid from the invoice date with a core return window of 12 months. After the return window is passed, the resale option is cancelled if it is not redeemed in time.

The resale option is redeemed and the amount will be paid back if the core

- can be matched to a core group
- follows the requirements of the BPW core manual
- is returned within the return window

The resale options are redeemed in order to the First-In First-Out principle. The amount of returned cores cannot be higher than the amount of purchased resale option.

The return of cores from the BPW distribution partner is carried out by the service provider Circular Economy Solutions GmbH (C-ECO). In this context, BPW will provide C-ECO with the necessary customer information to ensure that the contract is processed as smoothly and efficiently as possible.

The registration of the pick-up done by the BPW distribution partner takes place via the CoremanNet portal, that C-ECO provides. Details and further information on the core program and contact data of C-ECO can be found in the core manual, which is available at [www.bpw.de](http://www.bpw.de). Under service / downloads. If requested BPW will send a printed version of the core manual to the distribution partner as well.

Your known BPW contact in Wiehl will also be available to answer any questions.
