Item number change for BPW TS2 brake caliper

The item number for the BPW TS2 brake caliper at BPW is being gradually switched.

New item numbers are necessary to document a change to the component located within the brake.

This change has no effect on the service and performance of the brake and the previous TS2 brake calipers will be entirely replaced.

Mixed constructions comprising previous and optimised versions are also possible.

Previous item number	New item number
09.362.72.20.0	09.362.72.30.0
09.362.72.20.3	09.362.72.30.3
09.362.72.21.0	09.362.72.31.0
09.362.72.21.3	09.362.72.31.3
09.362.72.22.0	09.362.72.32.0
09.362.72.22.3	09.362.72.32.3
