These are the following two brake test reports:

1. TSB 3709

Test report no. 361-041-08 (supplement 1 and supplement 2)

2. TSB 4309

Test report no. 361-040-08 (supplement 2 and supplement 3)

Furthermore, BPW is now also providing the existing model test reports for type approvals on the BPW Customer Net.

These model test reports (demonstration of type 0-test on road) apply to most vehicle types in the semi trailer range with 9 - 10 t axle load and were carried out with the following inspection organisations: TÜV Süd (D), RDW (NL), UTAC (F) and IDIADA (ESP).

More information please refer to BPW News 7182902 "Model test report for homologation of the new BPW ECO Disc trailer disc brake".

In case of any queries, please contact a member of the BPW sales staff or one of the aforementioned testing organisations.
