

### Market launch of AirSave according to UN ECE R 141

75662401e  
2024-05-08

From May, BPW will be supplying a new control box for the AirSave tyre pressure control system that complies with the legal requirement UN ECE R 141.

The control box is visually different from the previous version and does not require an additional control unit or telematics unit.

With the new launch, BPW's AirSave modular system is being expanded.

	Description	BPW code number	1&2-Axle trailer	3-Axle trailer	4-Axle trailer	5-Axle trailer
ECE-R 141 Basic kits	AirSave Control Box (Booster) prepared for LED	02.0130.67.30	1	1	1	1
	AirSave T piece (Connecting piece for axle extension)	02.4319.58.00	1	2	3	4
	Plug LED light	02.3704.07.10	1	1	1	1
	<b>Kit AirSave BPW Basic kit ECE-R 141</b>		05.801.46.28.0	05.801.46.29.0	05.801.46.30.0	05.801.46.31.0

The new AirSave control box must be commissioned via the trailer EBS. BPW has included the corresponding connection cables for the respective EBS manufacturers in its portfolio for this purpose:

Description		BPW code number
AirSave Standalone EBS cable	AirSave Knorr (4Pin HDSCS)	02.1819.37.10
	AirSave Knorr G2.2 (open End)	02.1819.38.10
