## The second step: Series launch of the new disc brake BPW ECO Disc TS2

At the beginning of October 2018 we informed you with the BPW News 74081801e about the first step in the series introduction of the new disc brake BPW ECO Disc TS2.

The second step will follow in April 2019 with the introduction of the 19.5" size TS2 3709.

The new BPW ECO Disc TS2 has been further improved in terms of reliability, ease of servicing and weight.

The two familiar versions TSB 3709 and TSB 4309 will be replaced by TS2 3709 and TS2 4309.

The series introduction will take place in 3 steps:

1. **From January 2019:** TS2 4309 with air suspension Airlight II
2. **From April 2019:** TS2 3709 with air suspension Airlight II
3. **From May 2019:** TS2 3709 and TS2 4309 with new air suspension ECO Air

This results in the following schedule for the second step of the series introduction of „TS2 3709 with air suspension Airlight II“ from April 2019:

### From December 2018:

BPW will provide conversion lists (old TSB and new TS2 versions) to ensure a smooth conversion. These changeover lists will be sent to you in the next few days.

**From January 2019:**

New and already existing disc brake orders „TSB 3709 with air suspension Airlight II“ with the order confirmation date from week 14/2019 on will be changed over in the new ECO Disc TS2 version after consultation with the customer.

**From April 2019:**

In a period of 6 weeks, all customers will be converted step by step to 100% „TS2 3709 with air suspension Airlight II“. We will inform you about the exact conversion date in good time. You will also be informed about the conversion of your orders in the order confirmation. After the conversion, the Airlight II air suspension will be delivered exclusively with the BPW ECO Disc TS2.

**From June 2019:**

All customers have been converted to 100% „TS2 3709 with Airlight II air suspension“. No TSB 3709 with Airlight II will be delivered as original equipment.

The next step in the introduction „TS2 3709 and TS2 4309 with new air suspension ECO Air“ will be postponed by 1 month respectively.

You will be informed about this separately in another BPW News.

**Note:**

Further information on the first step of series introduction from January 2019 with the version „TS2 4309 with Airlight II“ can be found in BPW News
