Take on the challenge.

Supply Chain Management with BPW.

we think transport

BPW as a partner – together towards success.

An honest and open collaboration is crucial for corporate success and competitiveness on both sides – for BPW and for our suppliers.

As one of the leading suppliers of comprehensive solutions for the transport and logistics industry, we rely on supply partners who convince us, and above all our customers, with outstanding quality and consistent innovative power.

Check out the next few pages to learn about our purchasing world – and take the opportunity to benefit from solid and consistent growth as a BPW supplier.

This is how to become one of our Quality Partners.

As a globally operating manufacturer of axles and running gear systems for towed vehicles, we are always intent on optimising the process for procuring production materials and assets for the company in a holistic manner.

We compile an overall image of our suppliers from the components of quality, price, logistics, R & D and management.

Companies satisfying the criteria set out on the right are well placed to qualify as suppliers:
