# Scan it. Buy it. Use it.

Increase uptime for your fleet and customers – with just a click.

It's never been easier to identify and order truck and trailer spare parts quickly and simply. The **upLink** solution from the BPW Aftermarket Group gives you all the vehicle information you need straight away. You can quickly and easily view the installed components and use our **upPlace** shop solution to order them from the relevant BPW Aftermarket Group company.

**At a glance and with a click – all the information and benefits for upLink and upPlace:**

- ✓ Quick and simple spare parts identification for trucks and trailers.
- ✓ Based on the vehicle identification number for the truck and trailer.
- ✓ Individual expansion of vehicle information.
- ✓ Displays spare parts favourites, order history including prices, delivery time and possible alternative parts.
- ✓ For new vehicles and existing fleets.
- ✓ Click to order with the intuitive Web interface.
